Bal Harbour: find the originals for Olga

The Plaza of Bal Harbour, 10185 Collins Ave · Olga Kalogeropoulos, Permit Clerk, 655 96th St · 305-993-7366 · prepared Oct 13, 2026

Read first: the Village flagged two problems on Sept 9 (Hebert Martinez's reply).
1. The scan you emailed on Sept 8 at 11:32 PM shows **Units 922 and 321**, but the email says Units 220 and 721.
2. All of these permits are **expired**. The Village wants a **RENEWAL** application, not an extension. They calculate the renewal fee once they receive the originals.

Applications in play. Tick each one when you find the signed original:

- [ ] **Unit 922** · permit `BLC2024-0717`
  This is in the scan you emailed. A signed and notarized original should be in your paper file. It was mailed to the Village on 9/9.
- [ ] **Unit 321** · permit `BLC2024-0707`
  This is in the same scan. The original was mailed on 9/9.
- [ ] **Unit 220** · permit `BLC2024-1335`
  Named in the email, but the Village says this unit's page was not in the scan. The only copy on Drive is an unsigned draft.
- [ ] **Unit 721** · permit `BLC2024-0715`
  Named in the email, but not in the scan. The only copy on Drive is an unsigned draft.
- [ ] **Unit PH11** · permit `BLC2026-1438` (renewal of BLC2024-1061)
  The portal status was READY on 10/7, but no issue date. The Oct 7 email to Olga asking for issuance and the final inspection is still sitting in Drafts.

To print the actual signed scan (the cloud cannot print or download it):
1. In Outlook, open **Sent Items** and search for: `Permit Extension Applications - Units 220 & 721`, sent **Sept 8, 11:32 PM**.
2. Open the attachment `PERM App - Extention of time submittal -.pdf`. It was attached twice; both copies are the same file.
3. Press Ctrl+P.
