RE: Renewal of expired permits, three units

Unit	Original permit no.	Document	Status
#423	BLC2024-0714	Renewal application	Executed original
#922	BLC2024-0717	Renewal application	Executed original
#321	BLC2024-0707	Renewal application	Executed original

Enclosed are three (3) renewal permit applications, one for each unit above. Each is an original, fully executed (signed by the owner, signed by the qualifier and notarized). Each lists its original permit number so the Village can match it to the expired permit.

Please process each as a RENEWAL of the original permit listed, and call or email me when the renewal permit numbers are assigned or if anything else is needed.
